SAFE PLACE TRAINING

*South Australian
owned and operated.*

Experience and quality

Safe Place Training has been delivering training and consulting services since 2009. During that time we have provided training to a wide variety of people from a wide range of organisations and disciplines.

Our trainers work part time in various related disciplines. This enables them to bring work experiences to the training, and to promote training principles into the workplace.

Equal Opportunity

We are an equal opportunity employer.

Safe Place Training recognises the rights of people to be free from violence, related discrimination, and equal opportunity for all. We recognise and support the White Ribbon Campaign that aims to prevent and respond to violence against women by developing a strong culture of respectful relationships and behaviours within our workplace.
